My achievements at work

- Accounting students of ADAU took all the first 10 places in the accounting Olympiad in the region
- Accounting students of ADAU took 3rd place in the national accounting Olympiad
- Organizing the selection of special groups of accounting students on the basis of the system I developed at ADAU, ensuring their real practice and finally securing a job for each of them
- The students of PMS training were the first in the country in each field
- I am a semi-finalist in the Ascension competition
- The transformation of my founding "Mind Art" preparatory course into the largest and most effective course in the master's field
- I support young people in developing, increasing their skills and eventually finding suitable jobs
- I have been elected teacher of the year at ADAU four times
- I support 400 or more students each year during their Master's and Bachelor's degree choices
